GC-8000A

DIRECT DRIVE COMPUTERISED LOCKSTITCH
SEWING MACHINE
电脑直驱平缝机系列

◎ 产品概述

采用直接驱动系统，缩短了传动路线，启动平顺，反应敏捷，提供了快速启动和准确停机功能，刺布效果优良。内藏式绕线机构，用户可根据不同的工艺要求进行可选择性的设定，大大提高了工作效率，送布牙的高度、倾斜度及相位均可容易调整。适用于中等厚料的棉、毛、麻、化纤等织物。

PRODUCT OVERVIEW

This model adopts direct drive system; shorten the distance of transportation, with smooth start and quick reaction, provided with the function of quick start and accurate stop, to get excellent sewing effect. With inside bobbin mechanism, users could set the different requirements of sewing craftsmanship on the control panel; it greatly improves the working efficiency. The height, inclination and phase of feed-dog are adjustable. This machine is suitable for sewing general fabrics, such as cotton, woolsens, linen and chemical fiber, etc.
